ABSTRACT

Purpose: Character education is one of the efforts made to prepare humans to become better individuals. Two of major character traits are discipline and hard work, which have played an important role in dealing with the Tunggul Tuhang custom in the Semende Regency, South Sumatra province. This study aimed at describing the character of hard work and discipline character possessed by students as well as analyzing the obstacles experienced in the realization of hard work and discipline character education in schools. In addition, the study also aimed at knowing the difference between hard work character education and discipline character education in Junior High School 1 Semende Barat Laut and Junior High School 5 Semende Barat Laut. **Method:** The mixed method research design was used in this study, with a questionnaire used for the quantitative part and collect information on the character of hard work and character of students discipline. The qualitative data
