Dear Ms. Anita,

Your submission entitled: 'Bridging Secular and Religious Perspectives: Gender Awareness in Language Learning in Indonesian Higher Education' has been received by the journal. All submissions undergo an initial assessment, before they are forwarded to one of the journals subject specialist editors for further consideration. As part of this process each manuscript is checked to ensure they meet our journal's scope, adhere to ethical guidelines, and maintain the necessary quality standards.

- It is evident that you have put considerable effort into conducting your research and preparing the manuscript. However, before we can proceed with the formal peer review process, I would like to provide you with some constructive feedback and request revisions to enhance the manuscript further. Please address all comments below, and make the necessary changes before resubmitting:

(1) Research Context/Background section

- SSHO is an international journal with an equally broad and international readership. Therefore, you must include a section explaining research context. What is the university system in Indonesia? What is the difference between a "public" and "Islamic" university?

(2) File preparation

- "Declaration of Competing Interests" file**
 - Author's must use the template provided (in the journal's guide for authors, and also within the EM submission system) and tick one of the two available options
 - For more information, please consult the [competing interests' factsheet](#)
- The file "Manuscript without author(s) names":**
 - Must be fully anonymous, and not reveal any potentially leading information (such as the author's institution, supervisors and so on)
 - Should include the following (**and only these**) at the end of the main text (before the References):
 - Funding Statement** (must be anonymized)
 - Declaration of the use of AI**
 - Data availability statement**
 - Acknowledgements** (optional, must be anonymized)

Please address the above issue(s) prior to resubmitting your manuscript. You have **3 weeks** to make these changes and re-submit. When you are ready to proceed, please log in as an author at <https://www.editorialmanager.com/ssho/>, and navigate to the "Submissions Sent Back to Author" folder. There you can edit your submission by clicking "Edit submission" under the "Action Link" menu. Please re-upload with a (revised) covering letter mentioning this email and confirming the nature of the changes made.

Should you have any questions or require any further information, please do not hesitate to contact Elsevier Author Support (link below).
