Description: Elsevier invites you to join this very important talk about the challenges of Predatory publishing, the implications, and thoughts on the way forward. Tracy Chen, who supports coverage development and management for Scopus and will provide important insights into the nature of unethical publishing practices, global trends, and the processes and actions Scopus has, and continues to undertake to address them. We will also take time to answer questions from the live audience. Please don't miss this webinar.

Agenda:

1. Introduction
2. Challenges of Predatory publishing and Scopus vision
3. Q&A
