

OPEN Program Winter 2023 Course Access Reminder

Dear Andriadi Andriadi,

We hope this email finds you well. We are writing about your Online Professional English Network (OPEN) Program professional development course. You were nominated for the program by the U.S. Embassy.

According to our records, you either have not accepted the invitation to join your **Winter 2023** professional development course, or you have not yet participated in the course. You should have received an invitation from the OPEN Program (<https://classroom.openenglishprograms.org>) to join the course on our Canvas platform.

The course began on **January 10th**, and we are concerned that you may be missing assignments and falling behind in the course. It is important for you to begin participating in the course as soon as possible.

If you have not accepted the course invitation yet, please log in to [Canvas](#) with your OPEN username (andriadi@openenglishprograms.org) and password to

accept the course invitation at the top of your Canvas dashboard.

If you have forgotten your OPEN username or password, or have a problem accessing the course, please let us know as soon as possible by sending an e-mail to opensupport@fhi360.org.

Please contact us as soon as possible if you are unable to meet the requirements to participate in the **Winter 2023** term.

Sincerely,

The OPEN Team at FHI 360
