| Deskripsi Mata Kuliah | <p>Mata kuliah ini bertujuan membekali mahasiswa dengan teori, konsep, dan pengaplikasian <i>English language phonology</i> dalam pembelajaran literasi (membaca dan menulis) . Materi yang dimuat di dalamnya adalah konsep <i>English phonology, consonant, vowel, connected speech and word stress</i>, serta <i>teknik pengajaran konsep tersebut di dalam kelas</i>. Proses perkuliahan di dalam kelas dan diskusi baik secara berkelompok yang dapat dilaksanakan di dalam maupun di luar kelas, diskusi, dan workshop. Penilaian yang digunakan didasarkan pada penilaian yang diperoleh dari Ujian Tengah Semester, Ujian Akhir Semester, Tugas Individu, dan Absensi.</p> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

Mampu menjelaskan konsep <i>voicing, place of articulation, and manner of articulation</i></p> <p>4. Mampu menjelaskan konsep <i>the Vowel system</i></p> <p>5. Mampu menjelaskan konsep <i>simple vowels, vowels with and adjacent glide, and diphthongs</i></p> <p>6. Mampu menjelaskan konsep <i>connected speech and word stress</i></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
|                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| Deskripsi Mata Kuliah | <p>Mata kuliah ini bertujuan membekali mahasiswa dengan teori, konsep, dan pengaplikasian <i>English language phonology</i> dalam pembelajaran literasi (membaca dan menulis) . Materi yang dimuat di dalamnya adalah konsep <i>English phonology, consonant, vowel, connected speech and word stress</i>, serta <i>teknik pengajaran konsep tersebut di dalam kelas</i>. Proses perkuliahan di dalam kelas dan diskusi baik secara berkelompok yang dapat dilaksanakan di dalam maupun di luar kelas, diskusi, dan workshop. Penilaian yang digunakan didasarkan pada penilaian yang diperoleh dari Ujian Tengah Semester, Ujian Akhir Semester, Tugas Individu, dan Absensi.</p> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
